# DEAR PARENTS!

## You guys are such troopers!

We want to say thank you for believing in our Youth Program. Thank you for sacrificing your Friday Evenings to drive your teens to the church! Thank you for those of you who give lifts to other teenagers so they can have the opportunity to experience life-giving relationships and the life-giving truth of Jesus!

Laura and I pray and think about you often - for real! We know that raising a teenager has its challenges. Let us know how we can pray and if there is any way that we can help.

Hans & Laura Antonio,  
and the Rewired Team.

## LIMITLESS

21 Apr - 12 May

The mean words that people say to us, our insecurity, our fear can sometimes limit us from achieving the potential which God has created us for. BUT when we allow God to direct our story, the possibilities are limitless.

## MOVE

19 - 26 May

We want to encourage the teens to move beyond themselves - their own needs, their own satisfaction, their own feelings. There is a hurting world out there. They too can make a difference.

## IF/THEN

2 - 16 Jun

If God is good, then why do bad things still happen in this world? If God is all powerful, why did my family member die in a tragic way? We will be discovering who God is during this series. By discovering who God is we will discover who we truly are.

## THROUGH THE DARK

23 - 30 Jun

There's a way through the darkness to the other side. The best days are ahead of us. We will get there by trusting the One who is leading us.

We encourage the young people to join the big church family for Sunday Evening service at 18:00. It's good for them to mix in, learn and serve with all the other age groups in the church.
