

14 November, 2018

To my TPC family,

Festive Greetings!

Christmas time is family time – and I cannot thank my TPC family enough for the month by month by month support given in 2018, to make God dreams come true. I am so grateful! Thank you, *TPC-Beyond these Walls*, for your support in 2018.

Christmas time is about “wrapping up”: I suspect it is the same in both corporate and ministry places: Year-end becomes a time to wrap-up projects, and in our case, to complete our God-given mandates for the year gone by. At the same time, it is when our hearts and minds are open to the dreams God has for the coming year. In between the wrapping up process (and the exciting unwrapping of new opportunities), is the added bonus in December of rest, reflection and family fun: Christmas trees, gifts, decorated malls and feasts -- What is not to love about this time of the year?! God is *the* Master at calendar planning.

Back to mandates: My mandate has remained the same for several years: Train child champions for His Church. This mandate takes on increased responsibility this coming year:

[Start a Theology and Ministry Centre, to train and qualify children and youth ministers.](#)

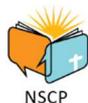

This will be the first program of its kind in Africa! I am living my God dream!

What are the expected outcomes of this mandate?

- The recognition that children and youth workers need specialized ministry training to be effective in discipling this generation of young people and their families, and the provision of this training.
- An increase in the number of young people who will answer the call to this unique ministry.
- Improvement of the **quality** of child and youth ministry, as those already filling these roles, will be able to **professionalize** their vocation.
- Local churches will be blessed as this center will continue to conduct research and to improve its training to benefit children, teens, families, the body of Christ and the mission field.

This program will be accredited and will start with an NQF 5 higher certificate, while continuing to grow into a Degree-Level program. The developers have the edge of being practitioners, who can merge practical ministry training with an academic program; producing relevant leaders for the work of the ministry.

Please pray for me as I head up this centre. Of utmost importance if for the God-dream or vision to remain steadfast, even as we develop the product in 2019.

Your mandate: I realize you are also wrapping up your mandate for 2018 and considering your “Beyond these Walls” mandate for 2019. My current provision is made up of both salary and missions support. I would like to set my 2019 budget and release TPC from supporting me financially, if you are being lead to give into new avenues. Support raising remains an ongoing task for an ever-growing ministry-thus, I do appreciate the continued prayer support regardless of how you are lead concerning my support in 2019.

A special word of thanks is in order for the moral and financial support that got me through my time of trial from July 2017 to date. By God’s grace and eternal plan, I moved forward from an abusive marriage, and am still holding fast to Him, His people and my mandate. I have lost count of the miracles that accompanied His deliverance – right into His promised land. Thank you for standing by me. Thank you for entrusting me to God. Thank you for **being a true church and family to me** and to the ministry He placed in my heart.

If you ever find yourself visiting Gauteng, I am only 2 hours outside! I would love to host you!

Eternity thanks you!

My love and blessings always,

Merry Christmas!

Charmaine
